Subpena on Way Here Charles Hotaling, sergeant-at-arms of the Senate, went to New York late this afternoon with a subpœna to be served on the Mayor by Saturday, It is signed by Lieutenant Governor Edward Schoeneck and Ernest Fay, Clerk of the Senate, and reads, in part:

ard Schoeneck and Effect parts:
You are hereby ordered and directed to attend at the bar of the Senate of the State of New York in the Senate Of the State of New York in the Senate Chamber in the Capitol on Tuesday, the third day of April, 1917, at 12 o'clock noon, and then and there make any proper defence of your conduct in publishing an alleged false and malicious report of the conduct of a member of the Senate in his legislative capacity, to wit, of the Hon. Robert F. Wagner, representing the 16th Senatorial District. You are hereby informed that the Senate will then and there proceed to make further order on the subject.

fallen under the "baneful" influence of Senator Mills.

"Yes," said Senator Mills, "and the statement that I worked for a gag rule. Whoever made that statement uttered an absolute and deliberate falsehood."

"Mr. President," called out Senator James A. Emerson, in the midst of points of order, "if the gentlemen have any differences let them go outside and settle them."

It is apparent that Tuesday's inquisition of the Mayor will be a gala day in the Senate. The demands for seats have been so numerous that Lieutenant Governor Schoeneck named Senators George A. Slater, Theodore Douglas Robinson and John J. Roylan a committee to arrange the seating capacity of the chamber. Practically the entire Assembly wants to attend.

U.S. Plans to Enter Coastwise Trade

San Francisco, March 29. If the steamship companies which abandoned sea traffic between Atlantic and Pacific coasts for more attractive profits in coasts for more attractive profits in European trade do not reenter the constwine trade, the United States government will do so, Theodore Brent, vice-president of the Federal Shipping Board, clearly indicated to a meeting of shipping men here to-day.

Mr. Brent said that the board had informed the larger companies which deserted the coastwise trade that it was their duty to revive it, but that the board had received no replies yet.

Bitterness Again Shown
The bitterness of yesterday's secret session was echoed in the Senate today as soon as the House convened. railroad problems through special legislation instead of the "bargaining" method adopted by the Board of Estimate in its dealings with the line.

Ira A. Place, vice-president of the railroad, made this fact evident year terday in a letter addressed to Controller Prendergast. Moreover, it was indicated that any effort on the part of the state to use compulsion would result in wiping out all that had been accomplished thus far through the present draft of a proposed agreement between the railroad and city.

While Mr. Place's letter was ambiguous as to his probable action, this paragraph was interpreted as indicating that he would not feel bound by the tentative agreement in the event of compulsory legislation:

"With regard to such legislation expressly reserve, on behalf of the company, either upon the enactment of such legislation or at any stage of its enactment, full liberty of action with lared present to the tentative agreement already reached and the obligations which have been assumed by the company thereunder. If now, in the opinion of the state and city authorities, compulsion is the more appropriate remedy, it is assumed that such remedy will be regarded as exclusive."

City officials who have worked in the interest of the present tentative sgreement with the road fear that interference on the part of the Public Service Commission or the Legislature may red the interest of the present tentative sgreement with the road fear that interference on the part of the Public Service Commission or the Legislature may red to the work of this country. There were has been a test of that kind which our women have proved themselves and every similar crisis in the loss of many concessions made by the road that could not be exacted by law.

Indications are that the women's leaders will adopt the Premier's advice. Mrs. Emmeline Pankhurst says she is quite satisfied, in view of the fact that the bill is an emergency measure, and is willing to let the House of Commons decide.

Chalmers Lynite Pistons An Evidence of Chalmers Quality

Price \$1350 Detroit

Chalmers pistons are made from one of the lightest and highest-grade metals obtainable-Lynite, a special alloy of aluminum.

Most cars use heavy cast iron pistons. Much cheaper. Much reduced efficiency.

121/2-Ounce Pistons

Chalmers pistons weigh only twelve and a half ounces each. About one-third the weight of cast iron pistons. Each one of these Chalmers pistons is true to its die. All pistons are exactly equal in

No greater variation than 1/4-ounce is tolerated in any of the reciprocating parts of the Chalmers.

Importance of Lightness

A light piston insures smoothness and power. Lighter pistons allow other motor parts of corresponding lightness. Lynite pistons reduce the strain on the bearings 160 pounds per square inch over the cast iron piston.

The wonderful smoothness of the Chalmers at all speeds is largely due to the lightness of the pistons. So also is the motor's remarkable power.

Compression—Power

Chalmers pistons are provided with three rings of uniform tension, each threesixteenths of an inch wide.

ing the combustion chambers.

The above is what we mean by quality in Pistons. The kind of quality you need in the pistons in the car you buy. And the kind of quality you GET in the Chalmers.

(All prices L o. b. Detroit.)

This means better compression-more power. Below the lowest ring there are oil relief holes to prevent any excess of oil from reach-

A movement to give organized expression to the patriotism of the American people by displaying the flag was launched yesterday by the American Defence Society, the American Rights League, the Business Men's National Service League and the National Service League and the National Security League. A telegram was sent to the mayors of 215 cities urging that all citizens display the American flag from their homes and places of business on and after April 2 as an expression of their patriotic desire to support the President and Congress in taking positive action for the defence of American rights and American bonor. It is recommended that governors and mayors issue proclamations for the accomplishment of this result.
